HOPOLOGY CAMP - AUGUST 5, 6, 7 & 8

Ball Handling Camp - Each ball handling session will focus on the athlete becoming a quicker and more efficient ball handler, with an emphasis on strengthening the athlete's weaker hand. We have designed stationary drills, drills on the moves, and drills with defenders. We will test each player on 15 different ball handling skills. This will allow them to check their progress all the way up and through basketball season.

Attack the Rack - Spend 6 hours attacking the basket in this high-intensity camp. This camp will focus on utilizing footwork, ball handling, and body position to get by your defender. We will focus on each player becoming more explosive with their crossover moves and getting to the basket faster with less dribbles. Also, we will help each athlete develop a more explosive first step and learn to make the right decision as they finish with a layup, pull up jumper or floater, or pass. Learn moves such as the Euro-step, spin move and powerhop!

Registration information and form can be found on the [boys basketball webpage](#).

6th ANNUAL GOLF SCRAMBLE - NOW FRIDAY, AUGUST 9*

*(*Please note the updated date for our golf scramble!)*

Golf and sponsorship options are available! We hope that you can join us on August 9 or support Boys Basketball in some way. For more information see the golf page at:
